

GRAND PRIX O.SYMETRIC

O,SYMETRIC GP 2007 – Technical guide

Online-Cycling.net is inviting you to participate in the very first O,SYMETRIC Grand Prix in the roads of Saint-Joachim. From 65 to 130km the 5 races to the program will surely be offering a very good show. The 8,5km circuit on the Cap Tourmente road allow spectators to see the peloton many times. The start and the finish are set in front of the city hall where everything is going to be in place to provide you a great experience. The Senior Men race will have a different finish. On the last lap, the racers will continue on Avenue Royale instead of Trait Carré. Racers will then challenge a difficult 2,5 km ascent of 7% average. The steep sections of this ascent will surely occasion an exciting end of the race. Furthermore, there is going to be a Subway Sprint classification at mid-race.
